1889 June 15.

An affidavit having heretofore been filed by Nicholas Pouchot to the effect that Catharine Pouchot is insane and has a legal residence in Mennon Township in this County, and I having personally visited said Catharine Pouchot and ascertained her to be in a condition insupportable to be brought into Court; said examination was had, and the witnesses having been examined including Dr. James L. Taylor a respectable Physician and having heard the evidence and being satisfied that said Catharine Pouchot is insane and that she has been insane since about 1861 or 1862 or that her insanity is of about 25 or 26 years duration.
